

Hello,

All High Plains 4th & 5th-grade students will contribute to our upcoming Showcase Event in April! Showcases are a chance for your student to show off all they have learned in their specials classes (music, physical education, art, library, and innovation). The theme for this showcase is “Under the Sea”. We have collaborated to make an all-in-one event where you can see movement, artwork, digital presentations, and music during our performance; here are the details of the upcoming event:

If you cannot find your shirt or need a different size, please reach out to Mrs. Lemons in the coming weeks.
- Please visit our music website where you and your student can access the lyrics and music recordings needed to practice at home under the “Student Info (hover over/click K-5)” tab.
